

NEW

:SQOOM[®] skinCare

SQOOM xcentialSkinCare, the new anti-aging cream for the daily application. The innovative complex of active ingredients smoothes wrinkles and lines, and nourishes the skin with intensive moisture.

The ideal completion.

With the SQOOM Technology, you revitalize your skin from the depth. The SQOOM Technology Gels are transported deeply into your skin by means of the SQOOM devices, and regenerate it in a perfect interaction of method and active ingredients.

With SQOOM xcentialSkinCare, we have developed the optimal daily care for you in the form of an innovative anti-aging cream.

xcentialSkinCare^{ONE}
antiAge for impure, oily skin.
Optimal as a completion to the SQOOM application.

The energy boost for your skin.

The innovative active ingredient Sebaryl normalizes the production of talcum and keeps the lipid layer of the skin not only flexible and elastic, but also reduces the moisture loss through the skin significantly. Argireline, a new patented active ingredient, works like botulinum toxin. Soft, does not have to be injected and does not cause any toxic reactions. Studies and laser measurements proof that Argireline reduces the depth of wrinkles sustainably for up to 50%.

xcentialSkinCare^{TWO}
antiAge for normal, dry skin.
Optimal as a completion to the SQOOM application.

The ultra-fine skin protection.

With the regenerating power of grape seed oil and wild rose oil. It keeps the lipid layer of your skin flexible and elastic by a very high content of polyunsaturated fatty acids. Jojoba oil, a plant lipid, lies on the skin smoothly. Argireline, a new patented active ingredient, works like botulinum toxin. Soft, does not have to be injected and does not cause any toxic reactions. Studies and laser measurements proof that Argireline reduces the depth of wrinkles sustainably for up to 50%.
